1	2320	sewer with (flow flowing) (analysis analyze analyse analazing analyzer) with (gauge gage) with (memory storage) with (processor microprocesor) and interval	USPAT; US-PGPUB; EPO; DERWENT	2004/06/11 09:58
2	2320	sewer with (flow flowing) (analysis analyze analyse analazing analyzer) with (gauge gage) with (memory storage) with (processor microprocesor) with interval	USPAT; US-PGPUB; EPO; DERWENT	2004/06/11 09:58
3	2319	sewer with (flow flowing) (analysis analyze analyse analazing analyzer) with (gauge gage) with (memory storage) with (processor microprocesor) with interval with (monitor monitoring) with (rain raining)	USPAT; US-PGPUB; EPO; DERWENT	2004/06/11 10:00
4	2319	sewer with (flow flowing) (analysis analyze analyse analazing analyzer) with (gauge gage) with (memory storage) with (processor microprocesor) with interval with (monitor monitoring) with (rain raining) with (first adj location)	USPAT; US-PGPUB; EPO; DERWENT	2004/06/11 10:00
5	2319	sewer with (flow flowing) (analysis analyze analyse analazing analyzer) with (gauge gage) with (memory storage) with (processor microprocesor) with interval with (monitor monitoring) with (rain raining) with (first adj location) with (second adj location)	USPAT; US-PGPUB; EPO; DERWENT	2004/06/11 10:00
6	2319	sewer with (flow flowing) (analysis analyze analyse analazing analyzer) with (gauge gage) with (memory storage) with (processor microprocesor) with interval with (monitor monitoring) with (rain raining) with (first adj location) with (second adj location) with ((rain adj gauge) or (rain adj gage))	USPAT; US-PGPUB; EPO; DERWENT	2004/06/11 10:01
7	2319	sewer with (flow flowing) (analysis analyze analyse analazing analyzer) with (gauge gage) with (memory storage) with (processor microprocesor) with interval with (monitor monitoring) with (rain raining) with (first adj location) with (second adj location) with ((rain adj gauge) or (rain adj gage)) with ((rain adj quantity) or (scaled adj rain))	USPAT; US-PGPUB; EPO; DERWENT	2004/06/11 10:02
8	2319	sewer with (flow flowing) (analysis analyze analyse analazing analyzer) with (gauge gage) with (memory storage) with (processor microprocesor) with interval with (monitor monitoring) with (rain raining) with (first adj location) with (second adj location) with ((rain adj gauge) or (rain adj gage)) with ((rain adj quantity) or (scaled adj rain)) with ((measured adj volume) or (measured adj flow))	USPAT; US-PGPUB; EPO; DERWENT	2004/06/11 10:04
9	2319	sewer with (flow flowing) (analysis analyze analyse analazing analyzer) with (gauge gage) with (memory storage) with (processor microprocesor) with interval with (monitor monitoring) with (rain raining) with (first adj location) with (second adj location) with ((rain adj gauge) or (rain adj gage)) with ((rain adj quantity) or (scaled adj rain)) with ((measured adj volume) or (measured adj flow)) with (rain adj response)	USPAT; US-PGPUB; EPO; DERWENT	2004/06/11 10:04

10	2319	sewer with (flow flowing) (analysis analyze analyse analazing analyzer) with (gauge gage) with (memory storage) with (processor microprocesor) with interval with (monitor monitoring) with (rain raining) with (first adj location) with (second adj location) with ((rain adj gauge) or (rain adj gage)) with ((rain adj quantity) or (scaled adj rain)) with ((measured adj volume) or (measured adj flow)) with (rain adj response) with network	USPAT; US-PGPUB; EPO; DERWENT	2004/06/11 10:05
11	2319	sewer with (flow flowing) (analysis analyze analyse analazing analyzer) with (gauge gage) with (memory storage) with (processor microprocesor) with interval with (monitor monitoring) with (rain raining) with (first adj location) with (second adj location) with ((rain adj gauge) or (rain adj gage)) with ((rain adj quantity) or (scaled adj rain)) with ((measured adj volume) or (measured adj flow)) with (rain adj response) with network with (volume adj distribution)	USPAT; US-PGPUB; EPO; DERWENT	2004/06/11 10:07
12	2319	sewer with (flow flowing) (analysis analyze analyse analazing analyzer) with (gauge gage) with (memory storage) with (processor microprocesor) with interval with (monitor monitoring) with (rain raining) with (first adj location) with (second adj location) with ((rain adj gauge) or (rain adj gage)) with ((rain adj quantity) or (scaled adj rain)) with ((measured adj volume) or (measured adj flow)) with (rain adj response) with network with (volume adj distribution) with (comparison compare comparing)	USPAT; US-PGPUB; EPO; DERWENT	2004/06/11 10:09
13	2319	sewer with (flow flowing) (analysis analyze analyse analazing analyzer) with (gauge gage) with memory with (processor microprocesor) with interval with (monitor monitoring) with (rain raining) with (first adj location) with (second adj location) with ((rain adj gauge) or (rain adj gage)) with ((rain adj quantity) or (scaled adj rain)) with ((measured adj volume) or (measured adj flow)) with (rain adj response) with network with (volume adj distribution) with (comparison compare comparing)	USPAT; US-PGPUB; EPO; DERWENT	2004/06/11 10:09
14	2319	sewer with (flow flowing) (analysis analyze analyse analazing analyzer) with (gauge gage) with memory with (processor microprocesor) with (time adj interval) with (monitor monitoring) with (rain raining) with (first adj location) with (second adj location) with ((rain adj gauge) or (rain adj gage)) with ((rain adj quantity) or (scaled adj rain)) with ((measured adj volume) or (measured adj flow)) with (rain adj response) with network with (volume adj distribution) with (comparison compare comparing)	USPAT; US-PGPUB; EPO; DERWENT	2004/06/11 10:10

15	29	(sewer adj network) with (flow flowing) (analysis analyze analyse analazing analyzer) with (gauge gage) with memory with (processor microprocesor) with (time adj interval) with (monitor monitoring) with (rain raining) with (first adj location) with (second adj location) with ((rain adj gauge) or (rain adj gage)) with ((rain adj quantity) or (scaled adj rain)) with ((measured adj volume) or (measured adj flow)) with (rain adj response) with (volume adj distribution) with (comparison compare comparing)	USPAT; US-PGPUB; EPO; DERWENT	2004/06/11 10:12
16	0	(sewer adj network) with (flow flowing) with (analysis analyze analyse analazing analyzer) with (gauge gage) with memory with (processor microprocesor) with (time adj interval) with (monitor monitoring) with (rain raining) with (first adj location) with (second adj location) with ((rain adj gauge) or (rain adj gage)) with ((rain adj quantity) or (scaled adj rain)) with ((measured adj volume) or (measured adj flow)) with (rain adj response) with (volume adj distribution) with (comparison compare comparing)	USPAT; US-PGPUB; EPO; DERWENT	2004/06/11 10:13
17	0	(sewer adj network) with (flow flowing) and (analysis analyze analyse analazing analyzer) with (gauge gage) with memory with (processor microprocesor) with (time adj interval) with (monitor monitoring) with (rain raining) with (first adj location) with (second adj location) with ((rain adj gauge) or (rain adj gage)) with ((rain adj quantity) or (scaled adj rain)) with ((measured adj volume) or (measured adj flow)) with (rain adj response) with (volume adj distribution) with (comparison compare comparing)	USPAT; US-PGPUB; EPO; DERWENT	2004/06/11 10:13
18	3	(sewer adj network) with (flow flowing) and (analysis analyze analyse analazing analyzer) and (gauge gage) and memory and (processor microprocesor) and (time adj interval) and (monitor monitoring) with (rain raining) with (first adj location) and (second adj location) and ((rain adj gauge) or (rain adj gage)) and ((rain adj quantity) or (scaled adj rain)) and ((measured adj volume) or (measured adj flow)) and (rain adj response) and (volume adj distribution) and (comparison compare comparing)	USPAT; US-PGPUB; EPO; DERWENT	2004/06/11 10:27
19	3	(sewer adj network) and (flow flowing) and (analysis analyze analyse analazing analyzer) and (gauge gage) and memory and (processor microprocesor) and (time adj interval) and (monitor monitoring) with (rain raining) with (first adj location) and (second adj location) and ((rain adj gauge) or (rain adj gage)) and ((rain adj quantity) or (scaled adj rain)) and ((measured adj volume) or (measured adj flow)) and (rain adj response) and (volume adj distribution) and (comparison compare comparing)	USPAT; US-PGPUB; EPO; DERWENT	2004/06/11 10:27

| 20 | | 3 | (sewer near network) and (flow flowing) and (analysis analyze analyse analazing analyzer) and (gauge gage) and memory and (processor micropocesor) and (time adj interval) and (monitor monitoring) with (rain raining) with (first adj location) and (second adj location) and ((rain adj gauge) or (rain adj gage)) and ((rain adj quantity) or (scaled adj rain)) and ((measured adj volume) or (measured adj flow)) and (rain adj response) and (volume adj distribution) and (comparison compare comparing) | USPAT; US-PGPUB; EPO; DERWENT | 2004/06/11 10:27 |
| 21 | | 3 | sewer and (network networking) and (flow flowing) and (analysis analyze analyse analazing analyzer) and (gauge gage) and memory and (processor micropocesor) and (time adj interval) and (monitor monitoring) with (rain raining) with (first adj location) and (second adj location) and ((rain adj gauge) or (rain adj gage)) and ((rain adj quantity) or (scaled adj rain)) and ((measured adj volume) or (measured adj flow)) and (rain adj response) and (volume adj distribution) and (comparison compare comparing) | USPAT; US-PGPUB; EPO; DERWENT | 2004/06/11 10:28 |
